Living in Padova... and studying at dSEA!

dSEA

Why Padova?

"For the great desire I had to see fair Padua, nursery of arts, I am arrived... and am to Padua come, as he that leaves a shallow plash to plunge in the deep, and with satiety seeks to quench his thirst".

William Shakespeare
(The Taming of the Shrew)

Why dSEA - Department of Economics and Management?

dSEA is a Department of Excellence, selected among the best Italian universities, offering its students various personalized services, the highest quality in teaching, a very high rate of employability and international experiences.

Check out this video!
<https://www.youtube.com/watch?v=WyhzaGXt654>

The Department of Economics and Management "Marco Fanno" is one of the youngest Departments in one of the most ancient European universities: the University of Padova, whose origin dates back to 1222. The Department was founded in 1990 and it soon became a leading centre in the higher education of business and economic sciences.

In July 2012 the Department of Economics and Management of Padova has ranked #1 for the 7th consecutive year by the famous Italian Research Institute – Censis.

The ranking has been based on several indicators measuring:

- teaching quality
- likelihood of students finding excellent jobs

dSEA is among the 180 best University Departments in Italy and among the 18 **Departments of Excellence** in the economic-statistical area.

According to the **QS World University Rankings**, which internationally measures the quality of the university system, the Department of Economics and Management "Marco Fanno" is one of the 150 best Departments in the world

JUST ARRIVED: DISCOVERING PADOVA

- Padova is a truly student-friendly city and hosts over 58,000 students within a population of around 210,000 inhabitants: these are the numbers depicting one of the oldest university towns, where student and city life coexist in close proximity on a daily basis (updated 2019).
- Prato della Valle, St. Anthony Basilica, Scrovegni Chapel are only the most renowned examples of all the Cultural landmarks you can visit in Padova!
- Many artistic and monumental masterpieces are part of the University's cultural heritage, including Palazzo Bo, Palazzo Liviano, the Botanical Garden, and La Specola.
- There are plenty of opportunities in town to listen to good music and participate in cultural activities, like visiting city museums and exhibitions or going to theatres, concert halls, and cinemas.

SUGGESTED ARRIVAL DATES

Check the key academic dates at the following link for planning your travels in and out: <https://www.unipd.it/en/key-academic-dates>

VISA AND IMMIGRATION

Please follow the following details:

<http://www.unipd.it/en/visa-immigration>

HEALTHCARE

Students coming from **EU countries** can benefit from medical assistance in Italy thanks to the European Health Insurance Card (EHIC, in Italian “TEAM”) issued by the competent health institution in your country of residence.

The EHIC gives you access to the National Health Service for “urgently needed medical treatments” during a temporary stay.

You can voluntarily register in the National Health Service.

The registration entitles you to benefit from the Italian healthcare services just as any other Italian citizen; it is valid for one calendar year (from 1st January to 31st December); the payment is not divisible, and you cannot apply retroactively.

Further information at: <https://www.unipd.it/en/healthcare-EU>

Non-European students must hold valid medical insurance to apply for their residence permit.

The medical insurance can be obtained through:

- private insurance
- voluntary registration in the National Health Service EHIC (only for students residing in a EU country)

For further information, please read the **Guide to Health Services** released by the Veneto Region, which is available online in multiple languages:
<http://www.venetoimmigrazione.it/it/guida-servizi-sanitari>

Further information at: <https://www.unipd.it/en/healthcare-nonEU>

Tuition Fees: 3 instalments per year

1. The **FIRST instalment** is **€192,00** for first-year students.
The payment is due when enrolling on any degree programme.
The **SECOND** and the **THIRD instalments** are calculated according to your income, merit and individual situation.
2. The **SECOND instalment** must be paid by 15 February 2023.
3. The **THIRD instalment** must be paid by 15 May 2023.

How can you pay?

Through PagoPA, a method which guarantees safe and reliable electronic payments towards Italian Public Administration:

<https://www.unipd.it/en/pagopa>

It is available via **Uniweb** ("Contribuzione").

ISEE

What is ISEE?

ISEE is an official certificate, which indicates your financial standing in any given year based on family status, earnings, property and expenses.

You will need to provide information and documentation regarding your and your family's annual income and assets.

What is it used for?

It is required to access a wide range of economic benefits (tuition fees reductions, Regional Scholarship, ESU Accommodation etc.)

Where can I obtain the ISEE?

The ISEE is issued by the CAF Office (Fiscal Assistance Centre) partner of the University: CAF CIA Padova, Via Longhin 25, 35129 Padova.

PART-TIME JOB

As an international student in Italy, you are free to take a part-time job to help cover your costs.

Please note that Non-European students with a permit of stay for study reasons are allowed to work **up to 20 hours/week**.

You could therefore look for part-time job opportunities/student jobs in private companies/organizations.

During your 2nd year of studies, you can also apply for one of the part-time job opportunities offered by our University such as student collaborations (200 hours).

Flashcards. What is it?

The Flash Card proves your student status at the University of Padova and allows you to use certain services, such as access to University areas (e.g., laboratories) and library loans, electronic identification before examinations etc.

How do I receive it?

After completing the enrollment procedure, it will be sent to your address. International students who have not indicated an Italian address on Uniweb can collect their Flash Card at the Student Office.

Flash Up Studio

The Flash Card is upgradable to Flash Up Studio at one of the branches of Intesa San Paolo bank so that you can make bank transfers/payments, receive credits scholarships, reimbursements, mobility grants, tutoring grants, etc.

Further information at: www.unipd.it/en/flash-card

ACCOMODATION

- The **ESU Regional Agency** provides accommodation for about 1600 students in its 14 residence halls, situated in the city centre or close to the university buildings.
- **Private colleges** keep a limited number of places exclusively for international students.
- **Private market** (flats and/or shared rooms): Housing Anywhere

IDONEITA' (MANDATORY)

Remember to complete the English idoneità within the first year.

Register and enrol for the exam at the beginning of the first semester (<https://elearning.unipd.it/economia>).

If you pass the test; then you are not required to attend lessons, and you can register your eligibility in the first useful exam session (January / February).

If you fail the test; do not worry, you can follow the lessons and take the exam in the following regular sessions.

WE DO SUGGEST CHECKING THE DATES OF IDONEITA' BEFORE ARRIVING

Now you are a Master's Degree student

CFU – ECTS

Italian Universities use the European Credit Transfer and Accumulation System (ECTS).

1 ECTS = 1 CFU

("credito formativo universitario") = 7 hours frontal lesson

1 academic year = 60

- CFU/ECTS Bachelor's degree programmes = 180 CFU/ECTS
- Master's degree programmes = 120 CFU/ECTS

Exams can be:

- **Mandatory:** they will be automatically selected by the system (Uniweb)
- **Electives:** 12 CFU you can choose both in dSEA and in other Departments at UniPd

Check the section "elective courses" for further information.

STUDY PLAN

A study plan is a detailed overview of activities to be completed in order to achieve your degree. You must fill out your study plan in Uniweb (online platform for students) after enrollment.

There are two types of study plan:

1. Automatic approval: that can be filled in or modified from October to July.
2. Proposed - CCS approval: this can only be filled in or modified in specific time windows.

Now you are a Master's Degree student

Elective courses can be included in the study plan from the beginning or even later, if they will not be attended during the first year; in this case you can skip the related rule of choice ("Skip rule" button).

The study plan can be confirmed anyway. Only in the last year of the course, the rule for electives becomes mandatory to confirm and save your plan.

Usually, free choice activities are carried out in the last year of the course, but they can be anticipated in previous years.

Rules:

Electives can be selected from the educational activities offered by any Department of the University during the current academic year, provided they meet the following requirements:

- the type of course must be "basic", "characterizing" or "similar"
- the scientific disciplinary sector must be defined (for example "SECS-P /07", "IUS / 12", activities with the missing SSD are not accepted)
- the mark must be expressed in thirtieths (you cannot therefore enter language idoneità, internships or other activities)
- the activity must not represent a total or partial reiteration of contents already included in your's academic career.

Check the "elective courses" session for further information.

Students of undergraduate programmes can only choose within activities offered for bachelors; students of post-graduate (enrolled from 2017/18 onwards) can only choose activities offered for master's degree or single-cycle degree courses.

Take note that **not all Departments** allow students enrolled in other degree programs to include their courses in the plan as "free activities"; Uniweb automatically filters all the non-selectable courses guaranteeing the student a correct choice.

For additional information, please contact: didattica.economia@unipd.it

Now you are a Master's Degree student

We suggest you fill in the study plan **at the beginning of the academic year** to be able to register for exams: it can then be modified until you submit the registration for the final thesis discussion.

Business Administration, Entrepreneurship and Innovation, Economics and Finance programs usually consider the “automatic approval” plan that can be modified anytime between October and July.

Only for Business Administration and Economics and Finance, you need to choose the curriculum before filling in the study plan.

Educational offer can be found at the following link: www.didattica.unipd.it

TEACHING MATERIAL (MOODLE PORTAL)

Download the course program, teaching materials, case studies, exercises, articles, resources, and many other important documents from Moodle: <https://elearning.unipd.it/economia>

You will receive the credentials at the time of enrollment, together with the email address and the credentials for Uniweb.

You can also use the Didactics portal to identify, for each lesson of interest, details such as:

professor, language of instruction, CFU weight, prerequisites, course content, reference texts.

If for any reason, you are attending less but not yet enrolled therefore have no credentials, please contact orientamento.economia@unipd.it in order to receive temporary login and be able to download the teaching material.

PROFESSORS

EXAMS ENROLLMENT

As previously mentioned, you need to enrol for an exam: **it is not automatic!** You might choose to take an exam in the second semester session even if its lessons took place in the first semester.

The first semester starts in October and closes in January; the second semester starts around the end of February / beginning of March and ends in the middle of June.

For all dSEA courses, four annual rounds are provided within the sessions defined by the academic calendar.

For instance, for taking an exam of a course held in the first semester, you will have the following possibilities during the academic year:

You can try the same exam once per round; if the mark is not the one you expected, you can improve it by rejecting it and taking the exam again.

Once you decide to accept it, this will go into your libretto (online record of your exams' mark).

EXAM RESULTS

The Professors publish the results of the exam on Uniweb.

As they publish the results, you will receive an e-mail with your grade and some rules.

At a specific area of the Uniweb, you have 7 days for:

- Checking the results
- Rejecting the result (irreversible!)

Be careful: the general rule is **SILENT CONSENT**.

If after 7 days you **DO NOT** reject (explicitly) the grade, then it will be automatically considered as tacit acceptance.

Eventually, the grade will enter in your "libretto".

Always remember that **you need 30 CFU total**, and to have passed **English idoneità** to access the second year exams.

REGISTRATION LISTS

The registration lists close few days before the exam date. Check the website for details and deadlines once the dates are published.

For deactivated courses, please contact didattica.economia@unipd.it providing your matriculation number for them to open the correct list in Uniweb.

Each student has the right, for deactivated courses in his / her study plan, to obtain a minimum of 3 annual rounds. Do not plan all exams in one session! For more suggestions, you can contact our tutor junior who are students like you.

Their email address is: tutor.economia@unipd.it

Now you are a Master's Degree student

FINAL THESIS

The final dissertation, which the student is expected to develop under the supervision of a faculty member, has to be structured as a scientific publication.

The dissertation can cover a variety of topics using different methodologies such as case studies, statistical analysis on databases and surveys.

The assessment of the dissertation by the panel of referees considers the student ability to select the proper theoretical framework and the right methodology.

The final exam consists of developing a thesis under the guidance of a supervisor, including:

- An accurate description of the chosen theme;
- Bibliographic research;
- Critical review of relevant literature;
- Application of theoretical knowledge and / or techniques of empirical analysis.

For procedures and timelines, please check the following page:

<https://www.economia.unipd.it/en/How-to-Graduate-Masters-Degrees/Home-How-to-Graduate-Master's-Degrees>

The discussion of the graduate thesis can be moved up for students admitted to doctorate research who have already submitted their application online.

IMPORTANT STEPS

1. Before applying for graduation

Please check your study plan.

Once graduate application on Uniweb is completed, study plan **cannot** be modified.

Graduates are therefore required to check, before proceeding with the application, that their study plan is in "Approved" status and that it is completed.

Remember that you need at least 80 credits in order to apply for graduation on the portal.

2. Submitting Graduate application on Uniweb

Graduate application (online procedure, previously approved by the supervisor, necessary for closing the students' career and thesis discussion) must be submitted on Uniweb.

3. Registration of credits on Uniweb

All credits must be registered on Uniweb. You can find the related deadlines on the website.

Now you are a Master's Degree student

4. Submitting documents at the didactics office

Students should submit certain documents using the new online Moodle procedure.

The new procedure is available at the portal:

<http://elearning.unipd.it/economia> > **Student services** > **Didactics services**
(login with SSO credentials, the same used for Uniweb and University mail).

On the same page, you can find the downloadable forms and the instructions for the upload.

For any clarifications, please contact: didattica.economia@unipd.it

Check the required documents with our Teaching Office writing to the above mentioned email address.

5. Thesis submission

your thesis will be submitted exclusively online. There is no need to submit a printed copy.

The procedure is available here:

<https://www.economia.unipd.it/en/How-to-Graduate-Masters-Degrees/Home-How-to-Graduate-Master's-Degrees/thesis-requirements-layout-and-submission>

6. Book return

Students are recommended to return all the books borrowed from the library of Economics and Management before the beginning of graduation sessions.

Now you are a Master's Degree student

FINAL GRADE

The final Grade is expressed out of one hundred and ten (110) and consists on the sum of:

- a) The weighted average of exam grades referred to in Article 4 of the Degree Program Regulations weighed with the relative credits and reported to a hundred tenths (110)
- b) The increase / decrease of the final grade, also expressed out of one hundred and ten (110), obtained in the final examination (thesis).

The maximum score attributable to the final dissertation paper goes from Sufficient to Excellent.

In awarding honors, the Graduation Commission must take into account the student's entire career and the quality of the graduate thesis.

Students can be awarded with honors for their thesis.

If the thesis is written in English, it must always contain a summary (abstract) in Italian.

"I am very happy with the international environment and with the variety and level of courses. There are many opportunities such as events with senior managers and economists, guest speakers from successful companies and laboratories to improve your skills"

Elizabeth
Master's Degree student

CHOOSING A TOPIC FOR GRADUATE THESIS

Every year, Professors involved in our Master's Degrees propose different thesis topics (at least 5 different topics without any restriction on the number of theses for each topic).

The list of topics will be published on the Intranet.

The student chooses the topic and the possible Supervisor of his thesis exclusively through the Department website, following these steps:

- Starting from a precise date, which will be communicated by the Department, students enrolled in the second year of Master's Degree Program, can proceed with the selection of the topic only after having matured a certain number of credits (to be checked on the related year regulation).
- The student self-certifies the fulfillment of this requirement before selecting the topic of the thesis.
