

Selected Publications – Roberto Ganau

- “Institutions and the productivity challenge for European regions” (with A. Rodríguez-Pose), *Journal of Economic Geography*, accepted for publication (January 2021).
- “Does foreign investment hurt job creation at home? The geography of outward FDI and employment” (with R. Crescenzi, M. Storper), *Journal of Economic Geography*, accepted for publication (April 2021).
- “Vertical relatedness and services outsourcing: A firm-level analysis” (with G. Cainelli, D. Iacobucci), *Industrial and Corporate Change*, 2019, 28(4), 753–771.
- “Industrial clusters, organized crime, and productivity growth in Italian SMEs” (with A. Rodríguez-Pose), *Journal of Regional Science*, 2018, 58(2), 363–385.
- “Credit constraints, labour productivity and the role of regional institutions: Evidence from manufacturing firms in Europe” (with A. Rodríguez-Pose, K. Maslauskaitė, M. Brezzi), *Journal of Regional Science*, 2021, 61(2), 299–328.
- “Related variety and firm heterogeneity. What really matters for short-run firm growth?” (with G. Cainelli), *Entrepreneurship & Regional Development*, 2019, 31(9–10), 768–784.
- “Distance-based agglomeration externalities and neighbouring firms’ characteristics” (with G. Cainelli), *Regional Studies*, 2018, 52(7), 922–933.
- “Productivity, credit constraints and the role of short-run localization economies: Micro-evidence from Italy”, *Regional Studies*, 2016, 50(11) 1834–1848.
- “An explanation of firms’ internationalisation modes blending firm heterogeneity and spatial agglomeration: Microevidence from Italy” (with G. Cainelli, E. Di Maria), *Environment and Planning A*, 2014, 46(4), 943–962.
- “Spatial agglomeration, Global Value Chains, and productivity. Micro-evidence from Italy and Spain” (with G. Cainelli, A. Giunta), *Economics Letters*, 2018, 169, 43–46.
- “Do high-quality local institutions shape labour productivity in Western European manufacturing firms?” (with A. Rodríguez-Pose), *Papers in Regional Science*, 2019, 98(4), 1633–1666.
- “Industrial relatedness and regional resilience in the European Union” (with G. Cainelli, M. Modica), *Papers in Regional Science*, 2019, 98(2), 755–778.
- “Does urban concentration matter for changes in country economic performance?” (with A. Rodríguez-Pose), *Urban Studies*, DOI: 10.1177/0042098021998927.
- “Disentangling regional innovation capability: What really matters?” (with R. Grandinetti), *Industry and Innovation*, DOI: 10.1080/13662716.2021.1904841.

“Institutions and economic growth in Africa. A spatial econometric approach”, *Economia Politica*, 2017, 34(3), 425–444.

“Do geographic concentration and vertically-related variety foster firm productivity? Micro-evidence from Italy” (with G. Cainelli, D. Iacobucci), *Growth and Change*, 2016, 47(2), 197–217.

“Does related variety affect regional resilience? New evidence from Italy” (with G. Cainelli, M. Modica), *The Annals of Regional Science*, 2019, 62(3), 657–680.

“Detecting space-time agglomeration processes over the Great Recession using firm-level micro-geographic data” (with G. Cainelli, Y. Jiang), *Journal of Geographical Systems*, 2020, 22, 419–445.
