The Erasmus+ SEMP and Ulisse programs

Erasmus + it is the integrated program promoted by the EU in the fields of education, vocational training, youth and sport for the period 2021-2027

Articulated in 3 Key Actions:

Key Action 1: learning mobility of individuals

Key Action 2: cooperation among organisations and institutions

Key Action 3: support to policy development and cooperation

KA1: Mobility projects for higher education students

Study abroad for 2 to 12 months during a cycle of study

Destinations in Europe and beyond

Host institution fee waiver

Contributions from the European Commission and UNIPD

Activities completed abroad transferred into your career at UNIPD

Improve language skills

The **Erasmus +** international mobility is possible thanks to agreements signed by our Schools and Departments with other universities abroad.

Each agreement sets the number of students that can participate, the duration of the stay and the academic area.

The coordinator for the Erasmus+ agreements of the dSEA is prof. Ambra Galeazzo.

All activities and courses completed abroad and the respective ones to be recognised in Padova at the end of mobility are defined through the *Learning Agreement*, a contract signed by the student and the academic coordinators of the institutions involved.

We discussed about international mobility for study during the Erasmus Days 2021

- It is possible to apply for all calls, Erasmus+ Europe and Beyond Europe, SEMP and Ulisse.
- Provided the academic calendars of partner institutions allow it, you can mix mobilities, one per each semester.
i.e. an Erasmus + mobility in Europe during the first semester and an Ulisse or SEMP mobility in the second one.
- Selections in Erasmus+ Europe and E+ beyond Europe are not compatible.
