Modules / Courses - System at the Faculty of Business and Management

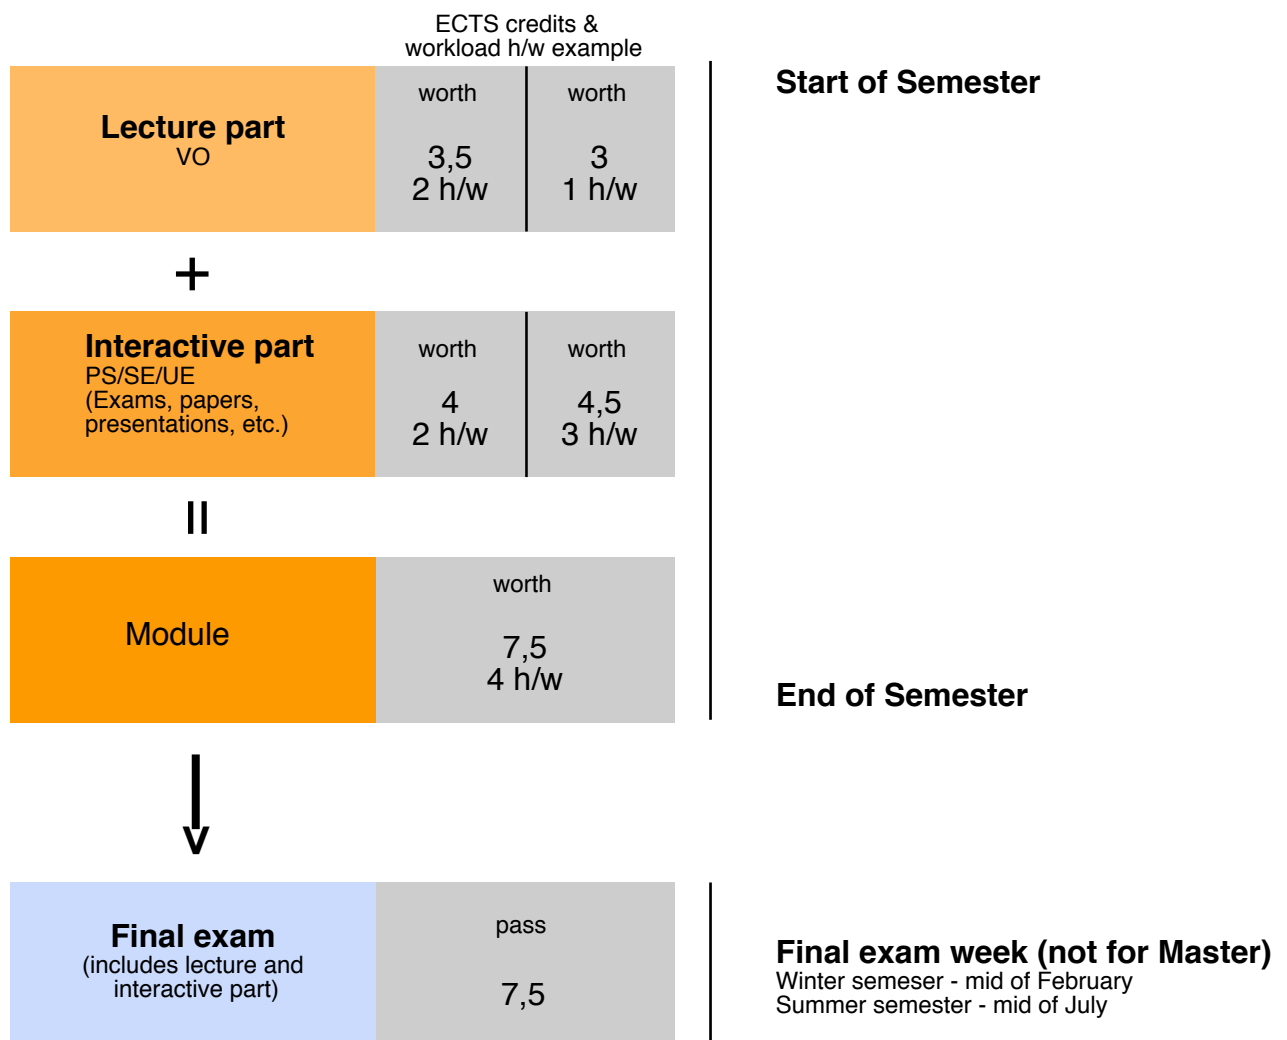

The University of Innsbruck - Faculty of Business and Management offers a modular course system at different levels.

Every module consists of 4 hours per week. One academic hour is 45 minutes. Every module includes an input-oriented (VO = lecture) and an interactive part (PS/SE = proseminar/seminar). All modules will be assessed by written exams and group works and/or oral exams. The student has to sit written exams (Klausur) in the PS/SE classes during the semester. PS/SE interactive parts have to be passed in order to be eligible to sit the final exam (Gesamtprüfung) at the end of the semester. Students passing the final exam (Gesamtprüfung) receive 7.5 ECTS credits for each module. The number of students in a module is usually limited to 30-40 students. Only a limited number of modules is taught in English.

Modules taught in German require good command of German (B2 at least). We therefore strongly recommend to brush up German language skills!

Modules offered in the Basic Studies of the International Economic and Business Studies Programme ("1. Studienabschnitt" = 1st and 2nd year) are NOT open for exchange students - only with exception!

Attention: German language courses at the ISI or courses at other faculties have a different course system

Master students - might have no lecture parts but two interactive parts. ECTS credits and workload is higher. Master students do not have a final exam week. The module ends with the two parts of courses at the end of a semester.
