INSTITUT MINES-TELECOM BUSINESS SCHOOL.

In a world increasingly driven by digital technology, Institut Mines-Telecom Business School is a major player in both innovation and learning. Since its creation, the school has shared its campus with its sister engineering school, Telecom SudParis, creating a unique synergy in France. The School is among the top 10 management schools in France when comparing the level of salaries earned upon graduation. It proposes a complete program offering, from undergraduate to doctorate, all meeting international standards.

INSTITUT MINES-TELECOM

A leading institute, one of the first national groups of higher education and research in the fields of engineering, management and innovation, with 12,000 graduate students and more than 3,600 faculty and research staff members. Apprenticeship, internship, missions and student projects carried out in partnership with companies all go to make an active contribution to both innovation and economic development.
