International mobility and language learning

The European Commission provides all selected students the opportunity to join the OLS platform (**Online Linguistic Support**) aimed at improving competences related to the language officially spoken in the host country.

Through OLS, students will have to undergo an on-line test at the beginning and at the end of the mobility to assess their skills before and after the stay abroad. It will also be possible to attend an **on-line language course**.

Some partner universities also offer language courses as ordinary course units available to exchange students.

The CLA – University of Padova Language Center, provides selected students further opportunities for language tests and language courses.

More information will be available after the call here:

<https://www.unipd.it/en/erasmus-studies-out>

Applying on Uniweb

How to get prepared

(on-line application via Uniweb only)

1. Fill out the [Proposal of Study Activities](#) (compulsory) with a list of courses to be attended while abroad.
2. Prepare all PDF's related to possible language certificates and/or qualifications.
3. Take note about:
 - ✓ Erasmus code (i. e. E-GRANADA01 : Universidad de Granada)
 - ✓ Area (i.e. Economics)
 - ✓ duration of the mobility

First, have a careful read at the call for applications here
<https://www.unipd.it/en/apply-erasmus-out>
 here <https://www.unipd.it/en/semp> or here
<https://www.unipd.it/en/ulisse>

The screenshot shows the Uniweb user interface. At the top left is the University of Padua logo and name. The header includes the Uniweb logo and two images: a modern building and a historical interior. A language selector shows 'ita' and 'eng'. The main content area starts with a 'Benvenuto' (Welcome) section, followed by a warning message in red: 'ATTENZIONE: E' disponibile un tutorial per la compilazione del questionario nella sezione "Presentazione pagina opinione studenti"'. Below this is a 'Avvisi' (News) section with a phishing warning. At the bottom, there are two rows of navigation buttons: 'Dati Personali' (with 'Visualizza dettagli' and 'Nascondi dettagli' options) and 'Status Studente', and 'Pannello di controllo' (with 'Nascondi dettagli' option) and 'Messaggi'. On the right side, a dark sidebar menu is open, showing options like 'Area riservata', 'Logout', 'Cambia Password', and 'Mobilità internazionale' (with a sub-option 'Bandi di Mobilità'). A large green arrow points upwards from the bottom of the sidebar towards the 'Mobilità internazionale' section.

F. A. Q.

UNIPD call VS Application

Language asset VS Language requirements

No language certificate is compulsory for applying on Uniweb. It might just be useful for reaching a higher score.

But partner institutions ask for a minimum CEFR level related to the language used for teaching and this might condition entry requirements.

It is recommended to check these aspects finding the terms of the partner's **application**.

How?

Possible keywords when searching on the web: «application exchange students», «application incoming mobility»...

UNIPD calls VS Application

Phases of international mobility

1. Selection
2. Nomination
3. Application

Let's focus on the academic and non-academic partner's offer: calendar, course catalogue, requirements...

Reaching our partner offices is useful in case of doubts.

The application *per se* is something you will deal with after selections.

List of partners #1

Keep referring at the list to check available partners, number of grants, duration, area.

For updated information on the partners we suggest you to check their institutional websites and the page on the departmental website dedicated to partner institutions.

List of partners #2
Or
Should I go for Economics or...?

First of all filter the list by:

-CICLO = 2 (Magistrali, all second cycle degree courses)

The area (Economics, Business and Administration, Accounting) indicates the strengths in the partner's academic offer but it is not necessarily a limit.

Some partner might have separated agreements in different areas (i.e. LMU D-MUNCHEN01) and therefore offer courses belonging to different programs.

How do I choose my ideal host university?

It is recommended to:

- Know the partner's academic and non-academic offer;
- Be aware of your second year's study plan at UNIPD.

How?

See past slides for the first point.

Check out Annex3 for point two: you can find it on didattica.unipd.it in the page dedicated to your degree course and it bears all course units with respective areas.

Erasmus grants

The Erasmus grant and the contribution to travel expenses are automatically awarded provided you:

- Are selected;
- Accept the outcome of your selection confirming your destination;
- Sign the grant agreement.

Additional fundings can, instead, be awarded only to students who apply for benefits via Uniweb.

Applying to every call!

It is possible!

Consider that Erasmus+ in Europe and beyond Europe are separate selections within the same program. Selected students will have to choose only one of the two.

It is anyway possible, if academic calendars allow it to, to combine different mobilities during the academic year (one semester each).

Too difficult, too hard...

Erasmus and other mobility programs give high and numerous opportunities, but for making this experience real, some energies are necessary.

We want you to consider that :

- Withdrawal is always possible;
- You can choose which semester you want to spend abroad;
- It is possible to reduce the duration of your stay.

It is way better to participate in the first call. In case eligible students will have the opportunity to apply also in the second one.
